CAREER OBJECTIVE

Motivated Third-year Computer Engineering student seeking an internship opportunity to apply practical experience in network infrastructure. Committed to learning, problem-solving, and contributing to secure and efficient network operations.

EDUCATION

Prince of Songkla University
B.Eng Computer Engineering — Year 3; GPA: 3.69

Hat Yai, Thailand
June 2023 - Present

CERTIFICATIONS

Cisco Cyber Threat Management , Cisco Networking Essentials
Interlink Network Cabling for Engineering ,Interlink Solar Cabling for Engineering
Alibaba Cloud Certified Associate

EXPERIENCE

Wise Review (trip.psu.ac.th/review) *Frontend & Tester* **Jan 2025 - Jul 2025**

A Historical Article Verification Platform to ensure content accuracy through a rigorous review process.

- Developed the platform using Next.js, TypeScript, and Tailwind CSS.
- Implemented type-safe API communication with tRPC to ensure seamless data synchronization between client and server.

Buddhasa Indapanno Archives ([BIA Archives](#)) *Data Migration & Backend* **Jul 2025 - Apr 2026**

- Performed data migration and data cleansing for digital archive system
- Adjusted and fixed backend logic based on migrated data, including basic backend functionalities
- Ensured data integrity and consistency across the platform

Pharmaplex *QA Tester* **Nov 2025 - Jan 2026**

- Developed automated E2E tests using Playwright for e-commerce platform
- Validated core user flows and reported defects to improve system reliability

Enterprise Network Project **Feb 2026 - Mar 2026**

Designed and implemented a security-hardened enterprise network architecture including VLAN segmentation, Layer 3 routing, and next-generation firewall policy control. Deployed Samba4 Active Directory with FreeRADIUS for 802.1X authentication, integrated centralized log monitoring using Wazuh and Grafana.

NHK SPRING (THAILAND) CO.,LTD. **Apr 2026 - Present**

Scholarship Intern – IT Infrastructure (Design & Development Department)

Provided IT infrastructure support for the Design & Development department, including server maintenance and system monitoring. Also assisted in non-IT tasks related to automotive seat design and development processes.

TEACHING ASSISTANT (TA)

Prince of Songkla University

Hardware Laboratory

Assisted in teaching hardware basics, computer/mobile components, installation, and maintenance. Supervised laboratory sessions, verified student work, and graded assignments.

Artificial Intelligence Literacy

Covered AI capabilities, AI usage in agencies, system creation, ethics, and global AI trends. Facilitated case study discussions, evaluated student projects, and graded assignments.

SKILLS

Languages: C, C++, Python 3, Go, TypeScript, JavaScript, Bash, Assembly

Network: DNS, DHCP, Wired & Wireless Network ,OSPF,NAT, SSL/TLS, VPN , SSH ,SNMP , ACL

Web: Next.js, React, Node.js, FastAPI, Nest.js, Strapi

Tools: Linux (Ubuntu, Kali), VirtualBox, Wireshark, Nmap, Metasploit, Proxmox, Git, Docker, Figma, Postman

HONORS & ACTIVITIES

1st Runner-up, AI for Next Gen 2025 AI Hackathon (AI Workflow Automation)

2nd Runner-Up, NCSA CTF Bootcamp Competition (2025)

Final Round, PSU Open API Contest 2024, Cyber Security Student Contest Vietnam 2025 , NCSA AI CTF 2026 (14/200)

Participant, ICPC Thailand (2024 & 2025) , NCSA Thailand Cyber Top Talent (2024 & 2025)

Event Organizer Barcamp Songkhla 9 & 10

Volunteer HATYAI Flood Relief Data Cleansing (Hakon) & evacuation center support
